**FOR IMMEDIATE RELEASE**

**Citizen Systems America adds Camino Information Services as ISV Partner**

**TORRANCE, Calif. (November 30, 2015)** – Citizen Systems America Corporation, a leading manufacturer of world-class printing technology, announces the addition of *Camino Information Services* to its growing list of key ISV partners and value added channel contributors.

Citizen Systems America remains focused on finding key valued added companies to provide support and specialization to end-user level customers. The addition of *Camino Information Services* brings with it a strong partner who focuses on software solutions, which bridge across many key vertical markets. Focused on software products that provide key value in healthcare, supply chain management and real time location services, Camino brings to the Citizen list of ISV's an effective partner with a high level of professional resources. Camino also has a history of working with Citizen product effectively.

*“Camino Information Services provides Citizen the type of partner that will pave the way toward a healthy and productive future. The development skill and value-add from Camino is second to none”* says Vic Barczyk, Executive Vice President of Citizen Systems America.

Lam Nguyen, President and CEO of Camino Information Services, says of the relationship, *“We feel that this is going to be a great fit for us. Citizen products are made of the best materials to the best standards, and our goal in our IT services and software solutions is to offer the best quality to our clients. Our highly skilled sales team and technicians are ready to hit the ground running with Citizen to present a more complete offering.”*

**About Citizen Systems America**

"Citizen Systems America" is the America subsidiary of Citizen Systems Japan - the electronic products affiliate of Citizen Holding Co. Ltd., Japan, the world renowned manufacturer of fine watch timepieces. Citizen headquarters is located in the greater Los Angeles area, California.

Citizen develops and markets Printers for point-of-sale, industrial solutions, photo and identification, barcode and label, portable and 80-column serial matrix applications. Citizen products provide Thermal, Impact and Dye-Sublimation technologies for packaged and OEM printer mechanisms that are used in a variety of industries including, retail, manufacturing, food service, healthcare, banking and many more.

For over four decades, Citizen Products have set the standard for performance, reliability and

value in the marketplace. For more information, please visit Citizen Systems America's website at: [www.citizen-systems.com](http://www.citizen-systems.com).

### **About Camino Information Services**

“Camino Information Services” is a custom software and IT services company focused on the healthcare industry. The team at Camino boasts a deep roster of talent and skill and has seen a greater than six-fold increase in the number of clients in the last 24 months with a strong growth pipeline. Founder and CEO Lam Nguyen has nearly 17 years of experience in information technology with a specialization in the area of laboratory integrations, support, and implementations. He has grown his company from a small partnership to roughly 30 employees between the two main locations in greater Houston, Texas and Saigon, Vietnam.

Camino focuses on delivering value to customers through on-time application development, intensive software customizations built around complicated workflows, and strategic partnerships. For more information, please visit the Camino Information Services website at [www.caminois.com](http://www.caminois.com).
