

TOMORROW'S PRINTING TODAY

Wide Print Means More Options.

The NEW CT-S4500 Point of Sale printer allows for a wider area of print. With an additional inch of space compared to a standard three-inch receipt, you are able to do more with your receipts.

Get rid of the laser printer (and paper waste) with the CT-S4500's A4 compression driver that scales down documents down to half size, suitable for hotel folios and more. The CT-S4500 also has the ability to add graphics and coupons, perfect for retail environments and engaging the customer with additional messaging.

Four-inch Point-of-Sale applications include:

- Hotel Folios
- Car Rental Receipts
- Casino and Gaming Receipts
- Golf Receipts and Scorecard
- Coupons
